

Prospectus 2022

Welcome

The Canadian School of Tashkent is proud to be Uzbekistan's first Canadian School.

With an unwavering commitment to helping our students learn, grow, and serve, we are equally passionate about educating the best and brightest young minds in Uzbekistan.

Building on Canada's world-class education system, we immerse our students in the world of digital technologies while fostering their intellectual curiosity and character.

We are more than a school. We are a place where dreams and ambitions are created and fostered. Welcome to a world of possibilities.

Welcome to the Canadian International School of Tashkent!

Founder's Welcome

The Canadian School of Tashkent is the first Canadian school established in Uzbekistan.

The Canadian School of Tashkent is the first Canadian school established in Uzbekistan. We are inspired by Uzbekistan's rich cultural heritage and Canada's reputation as an education powerhouse and a multicultural, bilingual and welcoming country.

The Canadian education system offers young minds infinite opportunities to learn, grow and develop skills for the future. By offering a 21st century education, we prepare our students to thrive in a world where more than half of the jobs they will have over their careers do not exist yet.

We leverage the Canadian education system and the infinite possibilities presented by the digital technologies to prepare our students for the future challenges and opportunities.

At the Canadian School of Tashkent, you will witness that our students are part of a positive learning culture that is challenging, academically rigorous, and aspirational with infinite possibilities for personal growth.

You will find our staff, students, and families working together to create an inspiring community where each

individual is known, valued, and empowered to achieve their full potential.

We are proud to offer a truly international experience to our community in a collaborative and inspirational environment.

Our qualified staff and teachers, international curriculum and digital contents, world-class campus facilities as well as partnership with leading Canadian institutions makes us the best choice for an international school in Tashkent.

I invite you to come and see for yourself our dynamic and vibrant school environment.

Best wishes,

Roeen Rahmani
Founder

“

The Canadian education system offers young minds infinite opportunities to learn, grow and develop skills for the future.”

Our Vision

A community of curious and responsible individuals, aspiring to grow and serve.

Our Mission

In the spirit of excellence and collaboration, fostering curiosity and character.

Our Values

Our values are at the heart of everything we do. Every member of our team is expected to support and uphold our shared values.

Curiosity: underpinning both our mission and vision statements, the notion of 'curiosity' aims to foster a sense of inquisitiveness and plants the seed of lifelong learning.

Community Service: only through engaging and advocating for our community can we, as a society, bring about lasting, positive change.

Merit: the process of striving to achieve our personal best through dedication, talent, and hardwork.

Creativity: approaching every day with a sense of imagination, innovation and inventiveness.

Teamwork: all individuals have the potential to make amazing things happen, but we are at our strongest when we come together as a community and act as a team.

Respect: a sense of admiration and tolerance for the qualities, achievements and beliefs of others.

Canada: An Education Powerhouse

Canada's education sector is renowned internationally for its high-quality standards and innovative approaches.

Canada is a powerhouse in international education with consistently high-quality schools in English and French, an exceptional quality of life, and multiple pathways for international students to find work and become permanent residents of Canada.

As one of the world's most developed and friendliest countries, Canada is the top choice for international students across the education spectrum, from high school to tertiary education.

The relatively affordable cost of living and education makes Canada more attractive destination for the international students than

the United Kingdom, Australia or the United States.

As Uzbekistan's only Canadian school, we are uniquely positioned to introduce Canada's world-renowned education system by educating the next generation of talented and globally minded students.

We are committed to building bridges between Canada and Uzbekistan through a diverse range of cultural and educational exchange programs and initiatives, including student exchange programs, study visits, and institutional partnerships.

“

As one of the world's most developed and friendliest countries, Canada is the top choice for international students across the education spectrum, from high school to tertiary education.”

A Distinct Approach to Education

We leverage the world's best education system supported by highly qualified teachers, professional staff, and innovative learning and teaching approaches.

The Canadian School of Tashkent has a unique approach to education that makes us distinct. We are proud to be Uzbekistan's first Canadian school committed to developing the knowledge and skills of our students to thrive in an increasingly digital world. We leverage the world's best education system supported by highly qualified teachers, professional staff, and innovative learning and teaching approaches.

By integrating digital education into our academically rigorous teaching and learning systems, we open the possibilities of unlimited learning among our students as the digital education approach is adapted according to each students' abilities and skills.

In addition, the digital education system is highly effective as it challenges our students to make decisions about practical, real-life situations through tools such as additional learning resources, multimedia resources, and further reading materials.

By introducing the McGraw Hill learning content into our curriculum, we have fundamentally sparked creativity, curiosity, and a passion for knowledge among our students of all ages.

We are proud to have a highly qualified and enthusiastic pool of staff and teachers, fully committed to inspiring the next generation of creative and curious students. Our teachers are passionate, professional, and committed to unleashing the full potential of every student. Through a wide range of student success initiatives, our teachers guide and inspire our students to excel in their studies, learn new skills, and immerse themselves in experiences beyond the classroom and, in doing so, harness their talents and passions as lifelong learners.

Inspired by Canada's cultural identity and internationally regarded education system, we encourage our students to become global citizens and thrive in a learning environment where inquiry and curiosity are central to our curriculum and opportunities to excel are fulfilled.

We invite you to visit our campus, explore our virtual tours or speak to one of our staff members to learn more about the inspiring and world-class facilities, services, and opportunities that make us the most outstanding choice for your child's education and future.

“

Our students will pursue personal passions and life skills that will sustain and flourish long after the formal education journey ends. Welcome to a world of infinite opportunities!”

CANADIANSCHOOL OF
TASHKENT

PROUDLY CANADIAN

Our Team

We bring together Uzbekistan's top teachers and education leaders to unleash the full potential of our students.

Our team of academic leaders and professional staff bring several decades of practical experience in education administration and leadership both in Uzbekistan and internationally.

Our teachers have the necessary qualifications and experience to deliver an exceptional international curriculum

to our students, tapping into best learning and teaching approaches in Canadian education system and the latest digital technology innovations in the education sector.

Our highly qualified staff have been carefully selected to deliver the educational outcomes we aim to achieve.

The teaching team consists of local, Canadian and other foreign teachers who follow the curriculum with great responsibility, professional ability, diligence, and constant application of digital learning for the 21st century.

“

Our teachers are passionate, professional, and committed to unleashing the full potential of every student.”

Curriculum

We implement an integrated mix of Canadian and international curriculum. Our approach to curriculum is innovative as we integrate digital education and project-based learning in our teaching and learning activities.

Advancing educational excellence is at the heart of everything we do to become a leading international school in Uzbekistan.

By attracting the best teachers and education experts, introducing digital education and providing endless possibilities to ensure student success, we are laying the groundwork for a world-class educational environment.

We implement an integrated mix of Canadian and international curriculum, which are further enhanced by the digital education approaches.

We offer our students the ability to choose what they learn, including a suite of courses that allows them to

pursue their desired learning path through a combination of core and enrichment courses.

Our core curriculum and content are offered through the digital platforms such as 1:1 devices, contributing to inspiring a passion for learning among our students.

The integration of McGraw Hill content in Sciences, Mathematics, Technology, and English into our international curriculum is unleashing creativity, curiosity, and a desire for infinite learning among our students.

While students are accepted based on the English language assessment results, they do not need to be proficient in English

language as we have teachers with recognized international qualifications in teaching the Canadian and local curriculum.

Any child who faces challenges in learning within an international, English language context, will become part of our plan to quickly improve their skills.

We strive to ensure that every student who receives an education at our school is happy and fulfilled and extremely well prepared for university life and rewarding careers in an ever-changing world.

“

Project-based learning is a key part of our approach to encourage teamwork and collaboration among our students.

Languages

As an international school with deep Canadian roots, we recognize the value of multilingualism and multiculturalism.

We believe that learning a new language expands our students' worldview and opens them up to new cultures and experiences.

In a globalized world, knowing a second or third language can also help unleash rewarding careers.

As an international school with deep Canadian roots, we recognize the value of multilingualism and multiculturalism.

While our academic program is delivered primarily in English, we have also integrated Uzbek and Russian languages into our curriculum. Our language classes are taught by highly qualified native speakers who are passionate about their teaching professions.

Special language classes are also organized as part of the afterschool program depending on the specific learning needs of our students.

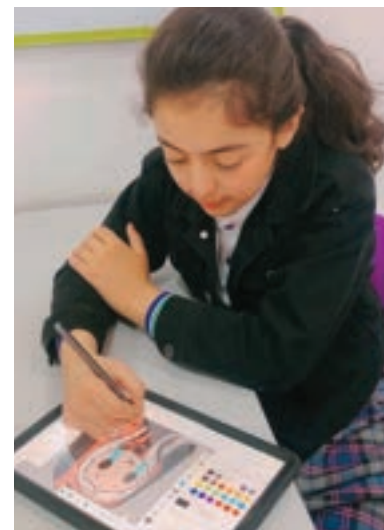

Counseling & Well-Being

The Counseling Program is committed to the growth of all students as individuals and as part of our community.

A comprehensive, developmental counselling program addresses the personal, social, emotional, and educational needs of all students.

The mission statement of school is closely incorporated in the values and goals of the program.

Our highly qualified Counsellor is available to meet with the students individually and as a group to address a wide range of important topics and issues such as conflict resolution, academic and personal growth, emotional well-being, empathy, and more.

Creativity and Innovation

Our students have countless opportunities to nurture their creativity and achieve their full potential, be it on stage, at the science and robotics labs, or in our art programs and performances such as musical performances.

The digital education platforms and solutions offer our students unlimited opportunities for personal and academic excellence, whether it is in sciences, arts, or digital technologies.

We organize regular competitions, shows, exhibitions, and conferences to demonstrate the exceptional creativity, innovation, and passion of the amazing students throughout the academic year.

Student Success

We provide our students with a wide range of opportunities, contributing to the development of their interests and talents beyond the typical classrooms.

From sports, music, arts, and robotics to participation in national and international competitions, we are committed to developing the best and brightest students who are passionate, globally-minded, and trailblazers.

By participating in student success programs and initiatives, our students take on additional responsibilities and develop their self-confidence, leadership, and team-building skills.

Student Clubs and Societies

As part of our commitment to sustained student success, we offer a variety of clubs and societies for students to join.

By joining student clubs and societies, our students can realize their strengths and talents that lie outside of the classroom.

In many situations, students gain confidence by being involved in challenging, team-based activities.

Students can choose from a wide variety of clubs and societies that are aligned with their interests and passions, such as arts, science, robotics, public speaking, poetry, music, sports, and many more!

We are pleased to provide a wide variety of engaging afterschool

programs such as student clubs, special courses, sports competitions and other creative initiatives closely aligned with their interests and passions. Please visit our website to learn about the latest list of afterschool programs.

“

The provision of world-class extra-curricular activities is of fundamental importance to our community. We pride ourselves in our ability to offer a wide range of opportunities to our students, contributing to the development of their passions, talents, and skills beyond the traditional classroom setting.”

Student Travel

The Canadian School of Tashkent encourages expanding students' learning beyond the four walls of the classroom.

A field trip is any time a group of students leaves the campus under the supervision of the school.

Field trips provide a real-life application and enrichment of concepts being taught in the classroom.

As an extension of the classroom, field trips may be planned during part of the school day.

In the future, we also plan to send our students to Canada as part of the cultural exchange programs between Canada and Uzbekistan. These initiatives expand our students' global perspectives and help them learn about the Canadian culture and education system.

Special Events and Competitions

The provision of world-class student success initiatives is of fundamental importance to our community.

We pride ourselves in our ability to offer a wide range of opportunities to our students, contributing to the development of their passions, talents, and skills beyond the traditional classroom setting.

We encourage and challenge our students to organize and participate in a wide range of competitions and special events at the school, national and international levels.

We organize regular competitions, conferences, programs, exhibitions, and performances that showcase

the talents and passions of our student community.

Please visit our website to learn more about our latest events and competitions.

Facilities

We are very proud to have one of the most beautiful and centrally located campuses in Tashkent. Our students enjoy a diverse range of learning and play spaces with classmates across our grounds, classrooms, and labs.

Sports

Sport is an integral part of the Canadian education system. We believe that healthy bodies will nurture healthy minds.

That is why we have invested in world-class sports facilities and spaces so that our students can enjoy the benefits of physical activity, competition, and teamwork. Our dedicated sports and physical education teachers inspire our students to become exemplary role models and athletes.

Students can access a wide range of indoor and outdoor multi-purpose sports facilities. Students can play football, tennis, volleyball and basketball to date as we seek to further expand our sports facilities and services in the coming years.

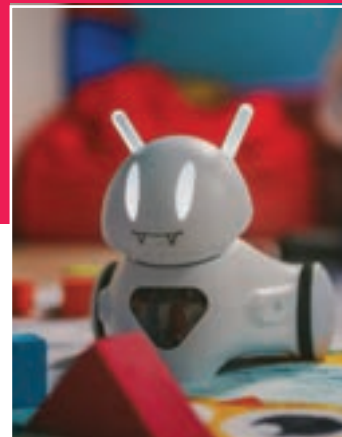

Science Laboratory

Science lab experiments and science laboratory equipment assist in promoting scientific learning among students, and in cultivating a profound interest in scientific exploration.

The science laboratory is fully equipped and ready to inspire a new generation of young scientists.

Students gain hands-on experience, make scientific arguments, conduct experiments, and develop logical reasoning as they learn and perform science experiments.

Robotics & Innovation Lab

Robotics is a branch of technology that deals with the making, programming, and designing of robots. We provide robotics classes to our students, sparking creativity and a passion for design and technology.

Through robotics clubs, national and international competitions as well as stimulating workshops, we aim to challenge our students to become science and technology leaders and innovators.

STEM Lab

Through the STEM Lab, we encourage our students to develop a passion for science, technology, engineering, and math (STEM) by engaging them with new learning spaces featuring robots and 3D virtual reality computers.

The lab is equipped with advanced equipment customized to each age group so that students can get hands-on experience and pursue their passions.

This interdisciplinary approach helps our students understand the links among the various fields and find creative solutions to the challenges identified in the STEM lab.

School Library

The library is a place where the love of lifelong learning is sparked among our students.

The library provides access to modern computers, groupwork spaces, multi-language collections, storytelling, information literacy, and a wide range of co/extra-curricular activities.

In addition to a large collection of print resources, our students have access to thousands of digital content, including magazines, newspapers, books, music, and audiobooks.

Students can enjoy these digital resources anytime, anywhere, from their computer or device.

Music Room

Music education helps students develop their self-esteem, hand-eye coordination, memory, and study habits, ultimately building essential life skills and preparing children and youths for bright futures.

The music room serves as an inspirational learning environment where students work with our professional Music Teacher to learn and explore musical instruments, write and compose music, and engage in a variety of artistic and musical performances.

Arts Room

At the Canadian School of Tashkent, the arts (fine arts, drama, music, movement) have been integrated into our curriculum. We weave the arts into our core classroom curriculum as well as teach specific artistic skills and abilities at our custom-designed arts room.

We believe that teaching arts is important to build our students' creativity and help them become successful leaders in the future. What is more, art education connects students with their own culture as well as with the wider world.

Multimedia Room

The multimedia room is designed to help our students learn and interact with a diverse range of education technologies. For instance, students can work together in groups to develop multimedia presentations and learn about video, sound, graphics, still photography, animation and other contemporary digital skills.

As an innovative and unique resource at our school, the multimedia room will help our students develop their digital skills in an interactive, fun, and engaging manner.

Virtual Reality Room

The Virtual Reality (VR) Room at the Canadian School of Tashkent is a special place where students learn through experience.

They solve challenges, collaborate, and benefit from immersive learning using virtual reality.

Learning through the VR experience is both revolutionary and transformative for our students!

MakerSpace

With an aim to educate the next generation of thinkers and innovators, we have created the MakerSpace to unleash students' creativity.

The MakerSpace is equipped with everything from Lego, popsicle sticks and glue guns to electronic and digital kits, serving as both a dream lab and innovation space.

By encouraging our students to learn by creating, we enable them to take ownership of their learning. As a result, our students become highly engaged and invested in their education.

Campus Security

The Safety and Security Unit is dedicated to ensuring all students, staff and visitors have a safe and pleasant experience at our campus.

In addition to employing 24x7 surveillance technology across our campus facilities, our professional security team provides a wide range of services including mobile patrol, parking enforcement, and operational support services throughout the school year.

First Aid Clinic

We have certified medical staff to attend to our students' health, safety, and medical needs.

It is our fundamental priority to provide first aid for minor injuries and illnesses that inevitably arise during the school day.

Cafeteria

We recognize that nutritionally balanced food options for children can encourage them to engage in healthy eating habits and choices.

We produce the dishes fresh on site, made from principal ingredients, and created by certified chefs and well-trained service teams.

Indoor and Outdoor Activity Spaces

With physical education an integral part of the student life, we have designed interactive and spacious outdoor and indoor spaces for all age groups.

Students participate in physical activities in group settings according to their age groups and classes, including multi-purpose outdoor football, basketball, volleyball, and tennis courts.

Sleeping Accommodations

We are proud to offer safe and appropriate sleeping accommodation areas for students enrolled in early education.

These high-standard sleeping rooms are supervised by dedicated staff and are equipped with comfortable sleeping collections such as premium beds, pillows, and blankets.

Admissions

Choosing a school for your child is one of the most important decisions that you will make. We understand the importance of this decision and are here for you. Your decision is very important to us.

We are accepting applications for the new academic year.

Applications can be submitted online through our website at canadianschool.uz or by visiting our Office of Admissions.

While we adopt a rolling admissions policy throughout the academic year, we encourage interested parents to apply early due to our limited spaces and small class sizes.

Available spaces are offered on a first-come, first-served basis to the successful applicants.

Attend an Open House

An open house is a great opportunity to explore our school and meet with the CST leadership team, teachers, and students.

We organize open houses every week to provide an opportunity to the prospective parents and students to learn why CST is the best choice for international education.

Book A Virtual Tour

We understand that sometimes attending an in-person campus might not be possible.

That is why our admission team offers virtual campus tour.

Please visit our website to book your virtual tour today.

Apply Now

We are pleased to provide our prospective parents and students an online application form. By filing this quick and easy application form, we will be able to review your application and contact you to discuss the admission process. You can access the online application form at our website: www.canadianschool.uz

Chat with Us

Live chat is a great way for us to tell you about remarkable campus and answer all your questions. We have a chat function on our website and across our social media channels including Telegram, Facebook, and Instagram. Get in touch with us today!

Come Visit Us

Personal campus tours are the best way to experience our proudly Canadian School. During the personal tours, you will explore our welcoming and vibrant campus with a member of our leadership team, see school facilities, and meet with our staff. You can take a personal tour of our campus by booking an appointment with our admission team. We can't wait to meet you!

Tuition & Fees

At the Canadian School of Tashkent, we are committed to providing high quality education building on Canada's world renowned education system. By integrating digital education, student success and project based learning principles into our environment, we are shaping the future of talented and globally minded students at our school.

Our tuition & fees policy aims to attract the best and brightest students while ensuring that we consistently sustain and promote high quality Canadian education for all children regardless of their social, economic, and ethnic backgrounds. Our Office of Admissions representatives can assist the parents with any inquiries and questions related to the tuition fee payments and available opportunities.

“

The Canadian School of Tashkent delivers high-quality education in a world-class environment. Our fee structure reflects the high academic quality and modern learning standards.

Scholarships

A scholarship at the Canadian International School of Tashkent is highly prized and is awarded in recognition of a student's merit and potential.

These scholarship awards are determined by the results in the competitive entrance examination or by performance in assessments throughout the school year or awarded in recognition of students' outstanding performance in extra-curricular achievements in art, music, sports, digital technologies, and more.

In addition to scholarships, we are pleased to offer a diverse range of discounts to our prospective students.

Please contact our Office of Admissions to learn more about the available scholarship and discount opportunities.

“

We are proud to offer generous scholarship and discount opportunities to our prospective students.”
