Canadian

EDUCATION AT THE CANADIAN
SCHOOL OF TASHKENT

At the Canadian School of Tashkent, we offer more than just schooling — we offer a world-class Canadian education designed to prepare students for life, work, and learning in the 21st century.

Rooted in the rigorous Nova Scotia curriculum, our program empowers students to become confident, creative, and globally-minded individuals.

Global Recognition

THE NOVA SCOTIA CURRICULUM IS RESEARCH-DRIVEN,
INCLUSIVE, AND ALIGNED WITH GLOBAL BEST
PRACTICES.

OUR SCHOOL IS STAFFED BY HIGHLY TRAINED TEACHERS
WHO ARE PASSIONATE ABOUT CREATING ENGAGING,
SUPPORTIVE LEARNING ENVIRONMENTS.

Why Choose Canadian Education?

Canada is recognized worldwide for its high academic standards and commitment to inclusive, safe, and welcoming learning environments. From elementary to high school, Canadian education focuses not only on academic excellence but also on the development of essential life

skills, critical thinking, and personal growth. Nova Scotia's education system is a perfect example – it balances academic rigour with creativity, innovation, and compassion, creating a strong foundation for success in universities and careers around the world.

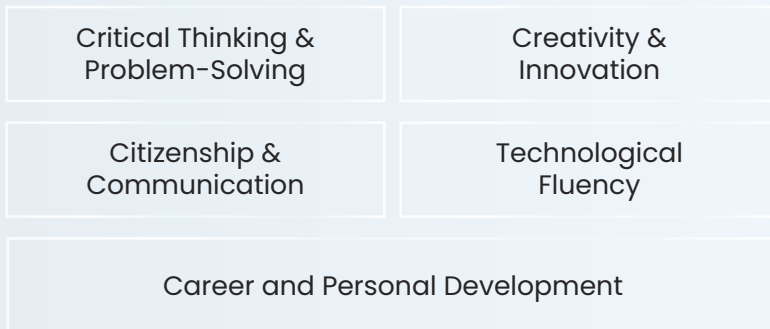

Your Future
STARTS HERE

The Nova Scotia Advantage: Learning for the Future

Nova Scotia's curriculum is competency-based and future-focused. It equips students with the skills they need to thrive in a rapidly changing world. Students are encouraged to ask questions, think critically, and solve real-world problems across subject areas.

Our curriculum emphasizes:

Learning outcomes focus on what students know, can do, and value by the end of each stage. Lessons are built on prior knowledge and are designed to be culturally and linguistically responsive — celebrating each learner's unique background.

Education for Every Stage of Growth

Kindergarten to Grade 6: Elementary School

Students begin their academic journey with a focus on literacy, numeracy, and foundational life skills — in nurturing classrooms that spark curiosity and confidence.

Grades 7–8: Middle School

Learners begin to deepen their subject knowledge while developing independence, teamwork, and a sense of responsibility.

Grades 9–12: High School

A rigorous academic program with diverse course offerings prepares students for top universities in Canada, the U.S., and worldwide. Graduates earn the Nova Scotia High School Diploma, recognized globally for its excellence.

A Learning Experience That Goes Beyond the Classroom

Our cross-curricular approach makes learning more meaningful and connected to real-life issues. Whether it's integrating science with art or combining technology with social studies, students are encouraged to think

holistically and make lasting connections. Outside the classroom, we offer a wide variety of After School Activities, arts programs, and athletics — helping students discover and grow their passions.
